

KHONGNANGTHABA UNIVERSITY
Imphal, Manipur

PROSPECTUS

ACADEMIC SESSION

2021-2022

The Khongnangthaba University (KTU) has come into existence under the section 4(1) and schedule of the provision of the Manipur Private Universities Act 2021 passed by the Manipur Legislative Assembly. It came into being through a notification in Manipur Gazette No. 2/3/2021/leg/1 dated 23rd February 2021 A.D. the university is formally established with certain ritualistic function on the 21st May 2021. As an ad-hoc arrangement the functioning of the university is going on in a very good campus at Khurai Konsam Leikai, Imphal East District, Manipur.

One of the basic objective of the university is to make a consistent effort to explore and promote the value of the traditional knowledge and ideas which was closely associated with the social life, technical wisdom and scientific temperament of the surrounding areas. The ultimate aim of the university is to make an attempt to bring all these valuable resources and place it within the framework of national educational curriculum. In order to make it as a successful effort the university is fully prepared to provide all the required facilities. The only vision of the university is to promote and foster a very good academic environment in this region with national outlook by extending a formidable platform for the growth and strengthening of the degree of the intellectual quality by exploring the traditional expertise and resources through an intensive research work.

The academic programmes shall be carried on through the semester system. The university shall have both Undergraduate and Post-Graduate courses. Ph.D. is also an important component of the academic programme. As a first step the academic course shall start under the following schools.
